OKLAHOMA HAY REPORT
(01/06/10)

OKLAHOMA DIRECT FEEDER CATTLE SALES
(12/31/09)

ALFALFA HAY: Alfalfa hay prices are steady and movement is slow to moderate. Arctic cold temperatures crossed the state at midweek. High winds helped produce below zero wind chills. These conditions are to extend into the weekend. Very little moisture fell with the storm. Some areas still have snow on the ground from the December 24 blizzard. Producers are busy chopping ice and supplementing cattle.

GRASS HAY: Grass hay movement is moderate and prices are steady. Demand for hay has increased the past couple of weeks due to the winter weather conditions. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department Agriculture's website at www.oda.state.ok.us or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

ALFALFA:

CENTRAL AND WESTERN OKLAHOMA: Premium quality small squares 190-210 per ton, large squares 130.00-140.00 per ton, large rounds 120.00-130.00. Good quality small squares 150.00-170.00 per ton, large squares 110.00-120.00, large rounds 100.00-110.00. Fair quality large squares 90.00-100.00 per ton. Fair large rounds 80.00-90.00 a ton.

W H E A T H A Y :

CENTRAL AND WESTERN OKLAHOMA: Wheat hay in large round bales 50.00-70.00 a ton.

PANHANDLE AND WESTERN FEEDLOT AREA: Good grinding alfalfa at the edge of the field or bale pile (spot) 80.00-100.00 a ton. Chopped and delivered to feedlots (short haul) 110.00-130.00 per ton.

GRASS HAY:

CENTRAL AND EASTERN OKLAHOMA: Premium quality large squares 65.00-80.00 a ton, large rounds 55.00-70.00, small squares 90.00-100.00. Good quality large rounds 45.00-60.00 per ton, small squares 70.00-80.00. Fair quality 40.00-50.00 per ton.

Feeder Cattle Weighted Average Report for Week of 12/26-31/2009.

This report being issued early this week because of the Friday Holiday.

Confirmed: 1335 Last Week: 2183 Last Year: 755

Compared to last week: Feeder cattle again lightly tested thru the holiday period, but a firm undertone noted. Heavy snow fall hit the state Christmas Eve with up to 14 inches and 4 foot drifts being reported in and around the capitol city. More snow blanketed the state this past week but with only 2-4 inches falling. Much of the state was shut down for several days and prior snowmobiles were thought useless this far south.

Supply included 100 percent over 600 lbs; 21 percent heifers. Unless otherwise stated prices are FOB weigh point with a 2-3 percent shrink or equivalent and with a 5-10 cent slide on calves and 3-6 cent slide on yearlings from base weights. Current sales up to 14 days for delivery.

OKLAHOMA DIRECT FEEDER CATTLE SALES
(01/15/10)

Feeder Cattle Weighted Average Report for Week of 01/08-15/2010.

Confirmed: 12,250 Last Week: 8445 Last Year: 5150
Compared to last week: Feeder steers 1.00-2.00 higher. Feeder heifers lightly tested and few steady. Some trades at the lower end of the quotes occurred before the markets advanced. Unless otherwise stated prices are FOB weigh point with a 2-3 percent shrink or equivalent and with a 5-10 cent slide on calves and 3-6 cent slide on yearlings from base weights. Current sales up to 14 days for delivery.

OKLAHOMA HAY REPORT
(02/03/10)

OKLAHOMA DIRECT FEEDER CATTLE SALES
(01/29/10)

ALFALFA HAY: Alfalfa hay prices are steady and movement is slow to moderate. The state was inundated with another severe winter storm last week. The storm brought freezing rain, sleet and snow to the entire area. Many communities in the southwest and south central lost electric power and some are still without power a week later. These conditions have brought stress to livestock and producers have had to feed large amounts of hay. Another system is moving across the state at midweek and another is forecast for the weekend into the first of next week.

GRASS HAY: Grass hay movement is moderate and prices are steady. The winter weather conditions have made it difficult for cattle producers to tend to cattle. Large amounts of hay are being fed, this is increasing demand for grass hay. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department Agriculture's website at www.oda.state.ok.us or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

ALFALFA:

CENTRAL AND WESTERN OKLAHOMA: Premium quality small squares 190-210 per ton, large squares 130.00-140.00 per ton, large rounds 120.00-130.00. Good quality small squares 150.00-170.00 per ton, large squares 110.00-120.00, large rounds 100.00-110.00. Fair quality large squares 90.00-100.00 per ton. Fair large rounds 80.00-90.00 a ton.

WHEAT HAY:

CENTRAL AND WESTERN OKLAHOMA: Wheat hay in large round bales 50.00-70.00 a ton.

PANHANDLE AND WESTERN FEEDLOT AREA: Good grinding alfalfa at the edge of the field or bale pile (spot) 80.00-100.00 a ton. Chopped and delivered to feedlots (short haul) 110.00-130.00 per ton.

GRASS HAY:

CENTRAL AND EASTERN OKLAHOMA: Premium quality large squares 65.00-80.00 a ton, large rounds 55.00-70.00, small squares 90.00-100.00. Good quality large rounds 45.00-60.00 per ton, small squares 70.00-80.00. Fair quality 40.00-50.00 per ton.

OKLAHOMA HAY REPORT
(02/10/10)

ALFALFA HAY: Alfalfa hay movement is slow to moderate and prices steady. The northern half of the state received one to two inches of snow the first of the week. The southern half has snow in the forecast at midweek. The good amounts of moisture received this winter will be very beneficial for crops and grass this spring. The wet conditions continue to make it difficult in caring for livestock.

GRASS HAY: Grass hay prices are steady and movement is moderate. The weather conditions have continued to increase the demand for hay across the state. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department Agriculture's website at www.oda.state.ok.us or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

ALFALFA:

CENTRAL AND WESTERN OKLAHOMA: Premium quality small squares 190-210 per ton, large squares 130.00-140.00 per ton, large rounds 120.00-130.00. Good quality small squares 150.00-170.00 per ton, large squares 110.00-120.00, large rounds 100.00-110.00. Fair quality large squares 90.00-100.00 per ton. Fair large rounds 80.00-90.00 a ton.

WHEAT HAY:

CENTRAL AND WESTERN OKLAHOMA: Wheat hay in large round bales 50.00-70.00 a ton.

PANHANDLE AND WESTERN FEEDLOT AREA: Good grinding alfalfa at the edge of the field or bale pile (spot) 80.00-100.00 a ton. Chopped and delivered to feedlots (short haul) 110.00-130.00 per ton.

GRASS HAY:

CENTRAL AND EASTERN OKLAHOMA: Premium quality large squares 65.00-80.00 a ton, large rounds 55.00-70.00, small squares 90.00-100.00. Good quality large rounds 45.00-60.00 per ton, small squares 70.00-80.00. Fair quality 40.00-50.00 per ton.

OKLAHOMA DIRECT FEEDER CATTLE SALES
(02/05/10)

Feeder Cattle Weighted Average Report for Week of 01/29/02/05/2010.

Confirmed: 4420 Last Week: 4610 Last Year: 4165

Compared to last week: Feeder cattle not well tested for current delivery. Out front months at a good premium and sellers finding contracts more desirable. Heavy snows followed by showers has created very muddy conditions across the state. Wheat pastures very muddy now but benefited greatly from this last round of snow. Most all auction barns were closed this past week or had very few to test trends and muddy conditions will likely reduce receipts for this coming week.

Supply included 100 percent over 600 lbs; 40 percent heifers. Unless otherwise stated prices are FOB weigh point with a 2-3 percent shrink or equivalent and with a 5-10 cent slide on calves and 3-6 cent slide on yearlings from base weights. Current sales up to 14 days for delivery.

OKLAHOMA HAY REPORT
(02/17/10)

OKLAHOMA DIRECT FEEDER CATTLE SALES
(02/12/10)

ALFALFA HAY: Alfalfa hay prices are steady and movement is slow to moderate. Weather conditions at mid-week warmed up to more seasonable temperatures. The sun has been welcome relief to the cloudy, windy, winter like conditions that have prevailed the past few weeks. Rain is in the forecast for the weekend. Roads, pastures and fields are starting to dry up some, making it easier to care for cattle.

GRASS HAY: Grass hay movement is moderate and prices are steady. Demand for grass hay continues good, as many producers are supplementing cattle. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department Agriculture's website at www.oda.state.ok.us or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

ALFALFA:

CENTRAL AND WESTERN OKLAHOMA: Premium quality small squares 190-210 per ton, large squares 130.00-140.00 per ton, large rounds 120.00-130.00. Good quality small squares 150.00-170.00 per ton, large squares 110.00-120.00, large rounds 100.00-110.00. Fair quality large squares 90.00-100.00 per ton. Fair large rounds 80.00-90.00 a ton.

WHEAT HAY:

CENTRAL AND WESTERN OKLAHOMA: Wheat hay in large round bales 50.00-70.00 a ton.

PANHANDLE AND WESTERN FEEDLOT AREA: Good grinding alfalfa at the edge of the field or bale pile (spot) 80.00-100.00 a ton. Chopped and delivered to feedlots (short haul) 110.00-130.00 per ton.

GRASS HAY:

CENTRAL AND EASTERN OKLAHOMA: Premium quality large squares 65.00-80.00 a ton, large rounds 55.00-70.00, small squares 90.00-100.00. Good quality large rounds 45.00-60.00 per ton, small squares 70.00-80.00. Fair quality 40.00-50.00 per ton.

Feeder Cattle Weighted Average Report for Week of 02/05/02/12/2010.

Confirmed: 4500 Last Week: 4420 Last Year: 4165

Compared to last week: Feeder steers and heifers steady. Out front months continue to be at a good premium and sellers finding contracts more desirable. Moisture continues to be the key word whether it be in the form of rain or snow and has created very muddy conditions across the state. Wheat pastures are still very muddy. Most of the auction barns were back open this past week with very limited runs. Supply included 100 percent over 600 lbs; 30 percent heifers.

Unless otherwise stated prices are FOB weigh point with a 2-3 percent shrink or equivalent and with a 5-10 cent slide on calves and 3-6 cent slide on yearlings from base weights. Current sales up to 14 days for delivery.

OKLAHOMA HAY REPORT
(02/24/10)

OKLAHOMA DIRECT FEEDER CATTLE SALES
(02/19/10)

ALFALFA HAY: Alfalfa hay movement is moderate and prices are steady to firm. Cold fronts continue to move across the state every three to four days, bringing colder temperatures and rain and snow. Wheat fields are very wet and this has limited spring fertilizer and herbicide topdressing. Large numbers of cattle have been moving this past week, as producers are pulling cattle off of wheat pasture.

GRASS HAY: Grass hay prices are steady and movement is moderate. Producers continue to supplement cattle. Demand continues to be strong for grass hay. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department of Agriculture's website at www.oda.state.ok.us or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

ALFALFA:

CENTRAL AND WESTERN OKLAHOMA: Premium quality small squares 190-210 per ton, large squares 130.00-140.00 per ton, large rounds 120.00-130.00. W H E A T H A Y:

CENTRAL AND WESTERN OKLAHOMA: Wheat hay in large round bales 50.00-70.00 a ton.

PANHANDLE AND WESTERN FEEDLOT AREA: Good grinding alfalfa at the edge of the field or bale pile (spot) 80.00-100.00 a ton. Chopped and delivered to feedlots (short haul) 110.00-130.00 per ton.

OKLAHOMA HAY REPORT
(03/11/10)

ALFALFA HAY: Alfalfa hay prices are steady and movement is moderate. Sunshine and warmer temperatures followed scattered rains earlier in the week. The rains have kept fields wet, and continue to keep producers from completing any spring field work. Cattle movement continues to be very active at markets across the state.

GRASS HAY: Grass hay movement is moderate and prices remain steady. Livestock producers continue looking for grass hay to carry livestock through until the grass begins to green up. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department of Agriculture's website at www.oda.state.ok.us or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

ALFALFA:

CENTRAL AND WESTERN OKLAHOMA: Premium quality small squares 190-210 per ton, large squares 130.00-140.00 per ton, large rounds 120.00-130.00. Good quality small squares 150.00-170.00 per ton, large squares 110.00-120.00, large rounds 100.00-110.00. Fair quality large squares 90.00-100.00 per ton. Fair large rounds 80.00-90.00 a ton.

WHEAT HAY:

CENTRAL AND WESTERN OKLAHOMA: Wheat hay in large round bales 50.00-70.00 a ton.

PANHANDLE AND WESTERN FEEDLOT AREA: Good grinding alfalfa at the edge of the field or bale pile (spot) 80.00-100.00 a ton. Chopped and delivered to feedlots (short haul) 110.00-130.00 per ton.

OKLAHOMA HAY REPORT
(03/24/10)

OKLAHOMA DIRECT FEEDER CATTLE SALES
(03/19/10)

ALFALFA HAY: Alfalfa hay prices are steady and movement is moderate. Snow and winter like conditions covered the state on the first day of spring this past weekend. Warmer more spring like conditions followed the first of the week. Then showers and cooler temperatures covered the state at midweek. The weather conditions have hampered most field work activities and movement of cattle across the state.

GRASS HAY: Grass hay movement is slow and prices are steady. Winter like conditions have forced producers to continue supplemental feeding. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department Agriculture's website at www.oda.state.ok.us or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

ALFALFA:

CENTRAL AND WESTERN OKLAHOMA: Premium quality small squares 190-210 per ton, large squares 130.00-140.00 per ton, large rounds 120.00-130.00. Good quality small squares 150.00-170.00 per ton, large squares 110.00-120.00, large rounds 100.00-110.00. Fair quality large squares 90.00-100.00 per ton. Fair large rounds 80.00-90.00 a ton.

W H E A T H A Y :

CENTRAL AND WESTERN OKLAHOMA: Wheat hay in large round bales 50.00-70.00 a ton.

PANHANDLE AND WESTERN FEEDLOT AREA: Good grinding alfalfa at the edge of the field or bale pile (spot) 80.00-100.00 a ton. Chopped and delivered to feedlots (short haul) 110.00-130.00 per ton.

GRASS HAY:

CENTRAL AND EASTERN OKLAHOMA: Premium quality large squares 65.00-80.00 a ton, large rounds 55.00-70.00, small squares 90.00-100.00. Good quality large rounds 45.00-60.00 per ton, small squares 70.00-80.00. Fair quality 40.00-50.00 per ton.

Feeder Cattle Weighted Average Report for Week of 03/12-19/2010.

Confirmed: 4602 Last Week: 6774 Last Year: 3784

Compared to last week: Feeder steers steady to 2.00 higher. Current heifer trades not tested. Demand moderate to good. Cattle futures rose sharply this week and buyers not willing to price cattle that high yet. On the first day of spring another blizzard is expected to hit the state, however this time previous temps are warmer than our Christmas Eve storm. This snow is not expected to hang around as long. Supply includes 100 percent over 600 lbs; 10 percent heifers.

Unless otherwise stated prices are FOB weigh point with a 2-3 percent shrink or equivalent and with a 5-10 cent slide on calves and 3-6 cent slide on yearlings from base weights. Current sales up to 14 days for delivery.

Feeder Cattle Weighted Average Report for Week of 03/19-26/2010.

Confirmed: 5083 Last Week: 4602 Last Year: 3575

Compared to last week: Feeder steers steady to 2.00 higher. Not enough heifer trades last week for a test. Demand moderate to good. Cattle futures dropped slightly this week and buyers are actively trading on the lower board. On the first day of spring another blizzard did hit the state making muddy conditions worse in much of the state, if that is possible. Supply includes 100 percent over 600 lbs; 52 percent heifers.

Unless otherwise stated prices are FOB weigh point with a 2-3 percent shrink or equivalent and with a 5-10 cent slide on calves and 3-6 cent slide on yearlings from base weights. Current sales up to 14 days for delivery.

OKLAHOMA HAY REPORT
(04/21/10)

ALFALFA HAY: Alfalfa hay movement is slow and prices are steady. Widespread rains passed through the state over the weekend, and thunderstorms are in the forecast for the rest of this week. Fields and pastures continue to grow and green up with the warmer temperatures and additional moisture. A few fields of new crop alfalfa have been harvested, with some unfortunately still in the field due to the rainfall. Many more will be cutting within the next few weeks as rain allows. Producers continue to monitor fields for aphids and weevils.

GRASS HAY: Grass hay prices are steady and movement is slow. Spring calving season is wrapping up, and stocker producers are starting to turn cattle out on rapidly growing grass. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department of Agriculture's website at www.oda.state.ok.us or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

OKLAHOMA HAY REPORT
(05/05/10)

OKLAHOMA DIRECT FEEDER CATTLE SALES
(04/30/10)

Feeder Cattle Weighted Average Report for 04/24-30/2010.

Confirmed: 10,000 Last Week: 5969 Last Year: 4660

Compared to last week: Feeder steers 2.00-4.00 higher. Feeder heifer trend not tested due to limited supplies last week. Wheat pasture in very good condition and strong winds and warm temps maturing that wheat at a fast pace. Wheat harvest looks to be ahead of schedule this year. Farmers busy in the hay fields this week with several alfalfa fields cut and baled or in the drying process. Rains moved thru the state this morning halting some of that progress. Supply includes 97 percent over 600 lbs; 43 percent heifers. Unless otherwise stated prices are FOB weigh point with a 2-3 percent shrink or equivalent and with a 5-10 cent slide on calves and 3-6 cent slide on yearlings from base weights. Current sales up to 14 days for delivery.

ALFALFA HAY: Alfalfa hay movement is slow and prices are steady. Clear skies and warm temperatures have covered the state this week. These conditions have allowed producers to get in the fields to cut alfalfa and wheat hay. New crop prices have not found a level at this point in time, however a lower undertone is noted. The Oklahoma wheat tour projected number for the 2010 wheat harvest is 141.8 million bushels based on 4.2 million harvested acres and a little over 33 bushels per acre.

GRASS HAY: Grass hay prices are steady and movement is slow. Grass in pastures and meadows continue to make good growth with the warmer temperatures. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department Agriculture's website at www.oda.state.ok.us or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

OKLAHOMA HAY REPORT
(05/12/10)

OKLAHOMA DIRECT FEEDER CATTLE SALES
(05/07/10)

Feeder Cattle Weighted Average Report for 05/01-05/07/2010.

Confirmed: 7,835 Last Week: 10,000 Last Year: 1500

ALFALFA HAY: Alfalfa hay movement is slow and prices remain steady. Tornadoes and severe thunderstorms continue to hit the state this week. Many producers were able to harvest fields prior to storms with good weather last week. These scattered storms have kept most producers from working in the fields this week. New crop prices have still not found a level at this point in time, however a lower undertone is noted.

GRASS HAY: Grass hay prices are steady and movement is slow. Grass in pastures and meadows continues to make good growth with the added moisture this week. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department Agriculture's website at www.oda.state.ok.us or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

ALFALFA:
CENTRAL AND WESTERN OKLAHOMA: Premium quality small squares 190-210 per ton, large squares 130.00-140.00 per ton, large rounds 120.00-130.00. Good quality small squares 150.00-170.00 per ton, large squares 110.00-120.00, large rounds 100.00-110.00. Fair quality large squares 90.00-100.00 per ton. Fair large rounds 80.00-90.00 a ton.

WHEAT HAY:
CENTRAL AND WESTERN OKLAHOMA: Wheat hay in large round bales 50.00-70.00 a ton.

PANHANDLE AND WESTERN FEEDLOT AREA: Good grinding alfalfa at the edge of the field or bale pile (spot) 80.00-100.00 a ton. Chopped and delivered to feedlots (short haul) 110.00-130.00 per ton.

GRASS HAY:
CENTRAL AND EASTERN OKLAHOMA: Premium quality large squares 65.00-80.00 a ton, large rounds 55.00-70.00, small squares 90.00-100.00. Good quality large rounds 45.00-60.00 per ton, small squares 70.00-80.00. Fair quality 40.00-50.00 per ton.

Compared to last week: Feeder steers and heifers steady to 2.00 higher. May wheat run in full swing. Temperatures warmed up this past week and graze out wheat has played out. Good markets also helping as farmers aren't apt to squeeze any good out of the wheat but will sell to catch the good market. Supply includes 100 percent over 600 lbs; 20 percent heifers.

Unless otherwise stated prices are FOB weigh point with a 2-3 percent shrink or equivalent and with a 5-10 cent slide on calves and 3-6 cent slide on yearlings from base weights. Current sales up to 14 days for delivery.

OKLAHOMA HAY REPORT
(05/19/10)

OKLAHOMA DIRECT FEEDER CATTLE SALES
(05/14/10)

ALFALFA HAY: Alfalfa hay prices are steady and movement is slow. Unstable weather conditions continued to prevail across the state this week. Last weekend a severe hailstorm moved from the northwest to southeast of the Oklahoma City area. This storm was from four to seven miles wide. It destroyed several thousand acres of wheat. The forecast for the next week is for drier conditions, this should allow producers to cut hay and do other field work. New crop hay prices are still searching for a new level, but a firm undertone seems to be developing.

GRASS HAY: Grass hay movement is slow and prices are steady. Pastures and meadows have received good moisture this past week. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department Agriculture's website at www.oda.state.ok.us or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

OKLAHOMA HAY REPORT
(06/16/10)

ALFALFA HAY: Alfalfa hay prices are steady and movement is slow to moderate. Heavy rains covered most of the state the first of the week, with some areas experiencing flooding. These conditions brought the wheat and hay harvest to a standstill. A clear hot forecast has been issued for the end of the week continuing into next week. Wheat harvest should be back in full swing by the weekend.

GRASS HAY: Grass hay movement is slow and prices are steady. The rains received this week will continue to stimulate growth of meadows and pastures. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department of Agriculture's website at www.oda.state.ok.us or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

ALFALFA:

CENTRAL AND WESTERN OKLAHOMA: Premium quality small squares 190-210 per ton, large squares 125.00-135.00 per ton, large rounds 120.00-130.00. WHEAT HAY:

CENTRAL AND WESTERN OKLAHOMA: Wheat hay in large round bales 55.00-75.00 a ton.

OKLAHOMA HAY REPORT
(06/30/10)

ALFALFA HAY: Alfalfa hay movement is slow and prices are steady. Rains scattered across the state this past week. This coming week brings additional chances of rain from hurricane Alex pushing moisture into the state. Wheat harvest continues to wind down along with the second cutting of alfalfa. A small amount of third cutting of alfalfa has begun, but increased rain chances and wet fields have many waiting to cut later.

GRASS HAY: Grass hay prices are steady and movement is moderate. Scattered rains have slowed the cutting of grass hay this week. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department Agriculture's website at www.oda.state.ok.us or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

ALFALFA:

CENTRAL AND WESTERN OKLAHOMA: Premium quality small squares 190-210 per ton, large squares 125.00-135.00 per ton, large rounds 120.00-130.00. Good quality small squares 150.00-170.00 per ton, large squares 110.00-120.00, large rounds 100.00-110.00. Fair quality large squares 90.00-100.00 per ton. Fair large rounds 80.00-90.00 a ton.

WHEAT HAY:

CENTRAL AND WESTERN OKLAHOMA: Wheat hay in large round bales 55.00-75.00 a ton.

PANHANDLE AND WESTERN FEEDLOT AREA: Good grinding alfalfa at the edge of the field or bale pile (spot) 80.00-95.00 a ton. Chopped and delivered to feedlots (short haul) 105.00-125.00 per ton.

GRASS HAY:

CENTRAL AND EASTERN OKLAHOMA: Premium quality small squares 90.00-100.00 per ton, large squares 65.00-80.00 a ton, large rounds 55.00-70.00. Good quality small squares 70.00-80.00 per ton, large rounds 45.00-60.00 per ton. Fair quality 40.00-50.00 per ton.

OKLAHOMA HAY REPORT
(07/14/10)

ALFALFA HAY: Alfalfa hay prices are steady and movement is slow to moderate. More rain and flooding problems hit the state in many areas. Hot and humid conditions have resulted in heat advisories this week. Drier weather the past few days has allowed some fields to dry out and some cutting of alfalfa has ~~occurred~~.

GRASS HAY: Grass hay prices are steady and movement is moderate. Rains earlier in the week hampered the cutting of grass hay, but the change in weather the past few days has allowed some producers to get back into the fields to harvest bluestem and bermudagrass. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department Agriculture's website at www.oka.state.ok.us or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

OKLAHOMA HAY REPORT
(07/22/10)

ALFALFA HAY: Alfalfa hay prices are steady and movement is moderate. Hot and dry conditions have prevailed this week allowing many fields of third cutting alfalfa to be harvested.

GRASS HAY: Grass hay prices are steady and movement is moderate. The weather has allowed producers to get back into the fields to harvest bluestem and bermudagrass hay this week. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department of Agriculture's website at www.oda.state.ok.us, or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

The ODAFF has developed a certification process for forage and mulch products. Hay and grain fields can be inspected and once a field passes this inspection, bales from the field can be labeled as "certified weed-free" and will be issued a transit certificate. For more information contact Jeanetta Cooper at (405) 522-5971, by email at Jeanetta.Cooper@oda.state.ok.us, or find more information on the ODAFF's website at www.oda.state.ok.us.

OKLAHOMA HAY REPORT
(07/28/10)

ALFALFA HAY: Alfalfa hay prices are steady and movement is moderate. Rain showers have been scattered across the state this past week, with sunny weather mixed between showers. Many producers have still continued to put up third cutting alfalfa with an occasional fourth cutting being cut for hay.

GRASS HAY: Grass hay prices are moderate and movement is steady. Producers continue to cut and bale bluestem and bermudagrass hay this week between scattered showers. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department of Agriculture's website at www.oda.state.ok.us, or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

The ODAFF has developed a certification process for forage and mulch products. Hay and grain fields can be inspected and once a field passes this inspection, bales from the field can be labeled as "certified weed-free" and will be issued a transit certificate. For more information contact Jeanetta Cooper at (405)522-5971, by email at Jeanetta.Cooper@oda.state.ok.us, or find more information on the ODAFF's website at www.oda.state.ok.us.

OKLAHOMA HAY REPORT
(08/04/10)

OKLAHOMA DIRECT FEEDER CATTLE SALES
(07/30/10)

ALFALFA HAY: Alfalfa hay prices are steady and movement is slow to steady. Hot, dry weather this week has allowed the continued harvesting of alfalfa. With temperatures hitting the 100's this past week many alfalfa stands have either slowed or stopped their growth.

GRASS HAY: Grass hay prices are steady and movement is moderate. The hot, dry weather has allowed many producers to put up their grass hay this week. The soaring temperatures have begun taking a toll on pastures with many beginning to dry up with little rain in the forecast. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department of Agriculture's website at www.oda.state.ok.us, or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

OKLAHOMA HAY REPORT
(08/11/10)

ALFALFA HAY: Alfalfa hay prices are steady and movement is slow. Persistent hot, dry weather this week has continued to slow or stop the growth of alfalfa in many areas across the state. Scattered showers in a few areas have allowed the alfalfa to regrow, but many areas won't have additional cuttings until rains return and the heat subsides. The weather has allowed the harvesting of alfalfa in areas with enough regrowth to cut.

GRASS HAY: Grass hay prices are steady to moderate and movement is slow to moderate. The weather has allowed producers to continue cutting and baling their grass this week. Many pastures across the state are beginning to wilt from the triple digit heat and lack of rainfall. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department of Agriculture's website at www.oda.state.ok.us, or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

OKLAHOMA HAY REPORT
(08/18/10)

ALFALFA HAY: Alfalfa hay prices are steady and movement is slow to moderate. A weak cool front pushed into the state this past week and relieved the soaring temperatures we've been experiencing. Many areas across the state also received scattered rains. Parts of the state continue to be able to cut alfalfa, while others are awaiting regrowth following the rains this week.

GRASS HAY: Grass hay prices are steady to moderate and movement is steady. The cooler temperatures and scattered rainfall were welcomed relief for many pastures across the state. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department of Agriculture's website at www.oda.state.ok.us, or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

OKLAHOMA HAY REPORT
(09/01/10)

ALFALFA HAY: Alfalfa hay prices are steady and movement is slow to moderate. Cooler temperatures and scattered rainfall continues to ease the affects of the drought in the southeastern half of the state. Much more rain is needed though. The fourth cutting of alfalfa has been cut in most areas of the state where drought has not affected the growth.

GRASS HAY: Grass hay prices are steady and movement is moderate. The scattered rainfall and cooler temperatures along with forecasted widespread rain will have many producers planting wheat for fall pasture soon. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department of Agriculture's website at www.oda.state.ok.us, or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

OKLAHOMA HAY REPORT
(09/08/10)

ALFALFA HAY: Alfalfa hay prices are steady and movement is slow. Widespread rains have brought welcome relief to most of the state. The northwestern and panhandle areas of the state have not been as fortunate. The slow rainfall received in many areas will help the fall seeded alfalfa to make a stand. Alfalfa continues to be cut in areas of the state where drought has not affected the growth.

GRASS HAY: Grass hay prices are steady and movement is moderate. The rainfall and cooler temperatures have helped producers as they work to get wheat seeded for fall pasture. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department of Agriculture's website at www.oda.state.ok.us, or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

ALFALFA:

CENTRAL AND WESTERN OKLAHOMA: Premium quality small squares 190-210 per ton, large squares 115.00-130.00 per ton, large rounds 110.00-125.00. Good quality small squares 150.00-170.00 per ton, large squares 110.00-120.00, large rounds 100.00-110.00. Fair quality large squares 90.00-100.00 per ton. Fair large rounds 80.00-90.00 a ton.

WHEAT HAY:

CENTRAL AND WESTERN OKLAHOMA: Wheat hay in large round bales 55.00-75.00 a ton.

PANHANDLE AND WESTERN FEEDLOT AREA: Good grinding alfalfa at the edge of the field or bale pile (spot) 70.00-90.00 a ton. Chopped and delivered to feedlots (short haul) 105.00-125.00 per ton.

GRASS HAY:

CENTRAL AND EASTERN OKLAHOMA: Premium quality small squares 110.00-140.00 per ton, large squares 65.00-85.00 a ton, large rounds 60.00-80.00. Good quality small squares 85.00-100.00 per ton, large rounds 50.00-70.00 per ton. Fair quality 45.00-60.00 per ton.

OKLAHOMA HAY REPORT
(10/20/10)

OKLAHOMA DIRECT FEEDER CATTLE SALES
(10/15/10)

ALFALFA HAY: Alfalfa hay prices remain steady and movement is steady. Scattered rainfall helped some areas across the State, but the need for rainfall increased in many areas around the state. Fall planted alfalfa stands are now struggling to survive due to the lack of moisture in some areas, while some fields were not planted due to the dry conditions. Producers continue to finish their fifth cutting of alfalfa, while some have begun their sixth cutting.

GRASS HAY: Grass hay prices are steady and movement is moderate. Producers are finishing up their last grass cuttings for the year. Pastures are in need of moisture and some operators have started providing hay to livestock. The lack of moisture is resulting in dry sowing of wheat, and slowing the progress of the wheat already planted. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department of Agriculture's website at www.oda.state.ok.us, or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

ALFALFA:

CENTRAL AND WESTERN OKLAHOMA: Premium quality small squares 190-210 per ton, large squares 115.00-130.00 per ton, large rounds 110.00-125.00. Good quality small squares 150.00-170.00 per ton, large squares 110.00-120.00, large rounds 100.00-110.00. Fair quality large squares 90.00-100.00 per ton. Fair large rounds 80.00-90.00 a ton.

W H E A T H A Y :

CENTRAL AND WESTERN OKLAHOMA: Wheat hay in large round bales 55.00-75.00 a ton.

PANHANDLE AND WESTERN FEEDLOT AREA: Good grinding alfalfa at the edge of the field or bale pile (spot) 70.00-90.00 a ton. Chopped and delivered to feedlots (short haul) 105.00-125.00 per ton.

GRASS HAY:

CENTRAL AND EASTERN OKLAHOMA: Premium quality small squares 110.00-140.00 per ton, large squares 65.00-85.00 a ton, large rounds 60.00-80.00. Good quality small squares 85.00-100.00 per ton, large rounds 50.00-70.00 per ton. Fair quality 45.00-60.00 per ton.

Feeder Cattle Weighted Average Report for 10/08-15/2010.

Confirmed: 1149 Last Week: 4547 Last Year: 2596

Compared to last week: Not enough comparable sales for an accurate market test on feeder steers but a lower undertone noted. Feeder heifers not tested. Farmers continue to stay busy in the fields and many parts of wheat country still waiting for moisture. Delivery of forward contracted cattle along with higher corn and lower trends in local auction markets has slowed down country trade for now. Supply included 94 percent over 600 lbs.

Unless otherwise stated prices are FOB weigh point with a 2-3 percent shrink or equivalent and with a 5-10 cent slide on calves and 3-6 cent slide on yearlings from base weights. Current sales up to 14 days for delivery.

OKLAHOMA HAY REPORT
(11/03/10)

OKLAHOMA DIRECT FEEDER CATTLE SALES
(10/29/10)

ALFALFA HAY: Alfalfa hay prices are steady and movement remains moderate. Most producers have wrapped up their alfalfa cutting for the year, while a few may harvest another clipping depending on when a hard freeze arrives.

GRASS HAY: Grass hay prices are steady and movement is moderate. Producers are practically finished with grass cuttings for the year. Wheat seeding is nearing completion with about three-fourths of the crop emerged. The lack of rainfall is hurting the prospects of winter forage in many areas. Pastures are still in need of additional moisture for winter grass. Producers looking for hay to purchase or have hay to sell can access the hay directory on the Oklahoma Department of Agriculture's website at www.oda.state.ok.us, or call the Oklahoma Department of Agriculture Hay Hotline at 1-800-580-6543.

OKLAHOMA DIRECT FEEDER CATTLE SALES
(12/03/10)

Feeder Cattle Weighted Average Report for 11/26/12/03/2010.

Confirmed: 6232 Last Week: 5243 Last Year: 2100

Compared to last week: Feeder steers 2.00-3.00 higher in a light test of current delivery cattle. Feeder heifers not well tested for current trades. Cattle futures rose sharply, especially for future months and this prompted the sale of several contract cattle. Corn futures weakened slightly but cash fat cattle prices rose sharply and this helped to boost the demand for feeders. Supply included 89 percent over 600 lbs; 55 percent heifers.

Unless otherwise stated prices are FOB weigh point with a 2-3 percent shrink or equivalent and with a 5-10 cent slide on calves and 3-6 cent slide on yearlings from base weights. Current sales up to 14 days for delivery.
