

Farmer's Market Price Report OSU-OKC

June

2021

Market Comments:

June weather began extremely hot and humid. The end of the month brought heavy rains causing the normal OSU-OKC Farmers Market to cancel the last week of the month. A limited few vendors moved to the enclosed Farmers Public Market. Thus items are limited. Weather continues to plague growth of some items like tomatoes as the lack of sun has created slow growth or maturity. Also it is noted the growing season was delayed due to the late freeze. Hopefully next month will bring a plethora of fruits and vegetables. Please Note: *Sizes of bunches, cartons, bundles, and other containers used at the farmers market may vary vendor to vendor.*

Classification and Varieties	Production Practice	Unit of Sale	Lowest Price	Highest Price
BULBS				
Cucumbers, slicing	Natural	each	1.00
