Oklahoma Direct Feeder Cattle Trade

OKLAHOMA HAY MARKET REPORT

6-24-21

No recent test for a comparison of trends, however a higher undertone is noted. Hay movement has been slow but is beginning to pick up. Weather has quickly turned hot and dry in parts of the state causing spring grasses to peter out. This dry weather has also stopped production of alfalfa, while other areas are waiting for dry weather to get hay out of the field. Demand for grinding hay is very good as grain prices remain high and users looking for a cheaper source of protein. Wheat hay has been limited this year as wheat prices trending higher making it somewhat more profitable to harvest the grain than in years past.

Alfalfa.

Central Oklahoma: Premium large squares \$210.00 per ton.
Premium small squares \$13.00 per bale.

Eastern Oklahoma: No trades reported.

Western Oklahoma: Good to premium large square \$180.00-\$205.00 per ton. Grounding \$140.00 per ton.

Grass Hay

Central Oklahoma: Good to premium Bermuda grass \$55.00-\$65.00 per bale. Good small square \$9.00 per bale.

Western Oklahoma: No trades reported.

Eastern Oklahoma: Good/premium large round triticale hay \$80.00 per ton.

Wheat Hay

Central Oklahoma: No trades reported.

Western Oklahoma: Large round \$110.00 per ton.

Eastern Oklahoma: No trades reported.

Prices are dollars per ton and FOB unless otherwise noted.

7-2-21

Receipts: 3,806 Last Reported 2,546 Last Year 1,612
Compared to last week: Few comparable sales of feeder steers and heifers sold 1.00-4.00 higher. Flood advisories have been extended thru the weekend for most of the trade area. Demand moderate to good
