Hereby makes application for a permit to import, transport, and/or distribute milk and/or milk products into the State of Oklahoma.

Milk and milk products to be imported (check all which apply):

Grade A Milk and Milk Products

Manufacture Grade Milk and Milk Products

All milk and milk products to be imported into Oklahoma shall be produced and/or pasteurized under the supervision of a milk ordinance, code or statute at least equal to the requirements of the Oklahoma Department of Agriculture, Food and Forestry regulations.

The following documents and/or information **MUST** be provided prior to permit issuance:

1. A list of **ALL** processing plants that process milk and milk products to be imported into the State of Oklahoma. This list should include name, address, and assigned permit number from the permitting state. (For Grade A milk and milk product processing facilities, this would be the IMS plant BTU number).
2. A list of **ALL** milk and milk products to be imported (i.e. Milk, Sour Cream, Yogurt, Cheese, Butter, Frozen Dairy Desserts, Ice Cream, Cottage Cheese etc.).
3. A list of **ALL** brand names/labels of all milk and milk products to be imported. If multiple brand names are imported from the same processing plant all must be listed (i.e. Great Value, Dairy Boy, and Bill's Creamery).

4. For Manufacture Grade Milk Products, a copy of the most recent inspection report from the state regulatory authority must be included with this application. Additionally, for manufacture grade milk products, a copy of their latest inspection report must be submitted annually from date of this Import permit issuance.

We understand that the import permit cannot be issued prior to receipt of all required documents and information. We agree that the permit, if issued, will become null and void and will voluntarily surrender same at any time the milk supply fails to comply with the information herein contained, and that no milk or milk product will be distributed or transported into any city or town in the State of Oklahoma without first obtaining an additional permit, if required by local ordinance, from the local health officer having jurisdiction therein.
